

THIS IS BALANCE.

There are two key moments in musical practice:

the sound and the pause, and both contribute to the composition of a harmonic balance. Balance, a project of plain coloured surfaces, was born to harmonize decorative elements in composite architectural spaces, defining a moment of suspension, a pause that enhances new expressive forms. Combined together, the soft, relaxing colour palette of cold and warm shades offer a pleasantly calming and welcoming visual sensation.

COMPRESSING THE TILE

Important

All cutout corners must have a minimum diameter of 1/4". Never leave 90° angles. We recommend radiuses of more than 1/4" when the kitchen the design allows as it makes the countertop firmer.

Cleaning & Maintance

Our products are non porous (due to their high quality raw materials, stringent production parameters and state of the art technology), hence any dust or deposited waste cannot penetrate the surface.

For most cases only a damp cloth is sufficient for cleaning.

Regular cleaning highlights the aesthetic features of the surface and gives it exceptional shine.

For highly aggressive cleaning caused by some common food and substances follow the table below.

TYPE OF STAIN	CHEMICAL PRODUCT	EXAMPLE
Grease	Alkaline - Solvent	Detergent
Oil	Solvent	Ammonia, Backing Soda
Ink	Oxidant - Solvent	Alcohol, Liquid Bleach, Nail Paint Remover
