HIGH-END SLABS

by AMORE

**Mineral purity finds its way into
the heart of the slab.**

The Marble Edition transforms colour-bodied
porcelain into a canvas of depth,
consistency, and tactile richness. This journey into
materiality invites a more intimate connection
with space where surfaces become experiences and
design speaks through sensation.

THE
MARBLE
EDITION

by AMORE

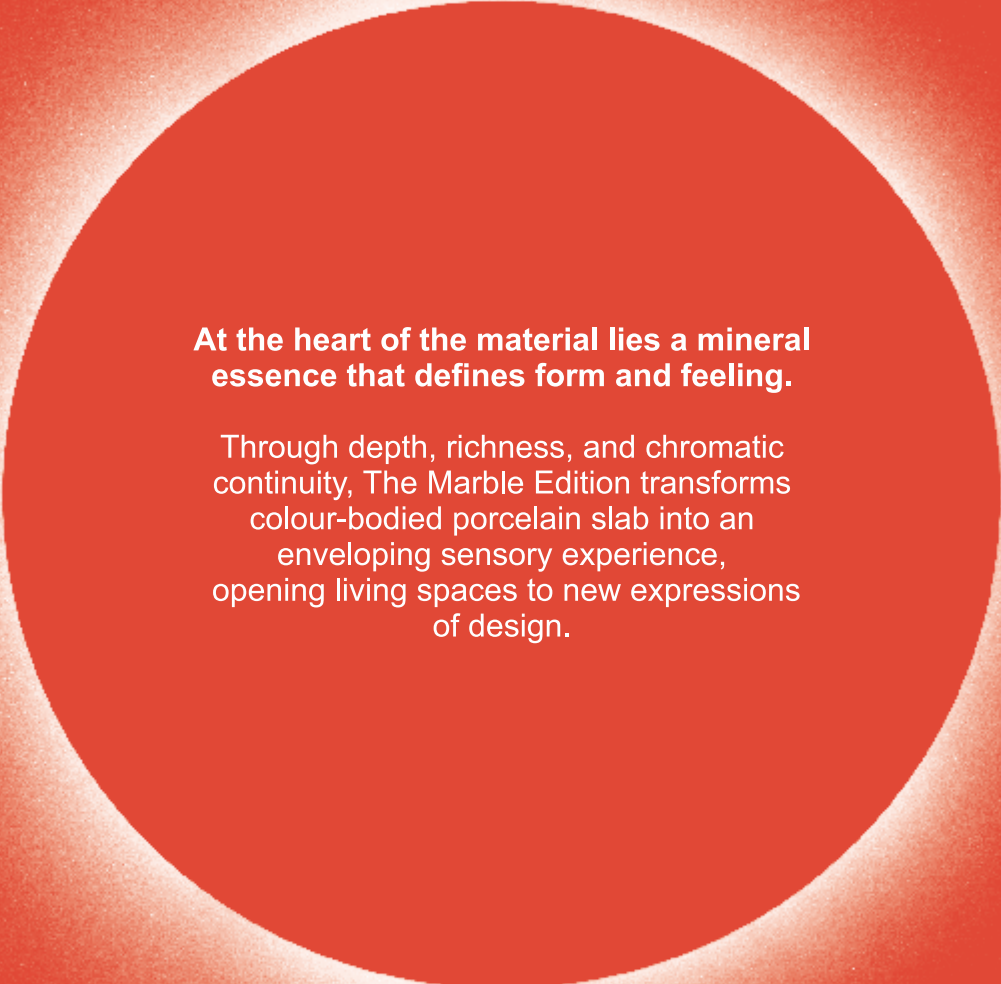

from vein to volume,

from volume to form,

from form to timeless architecture.

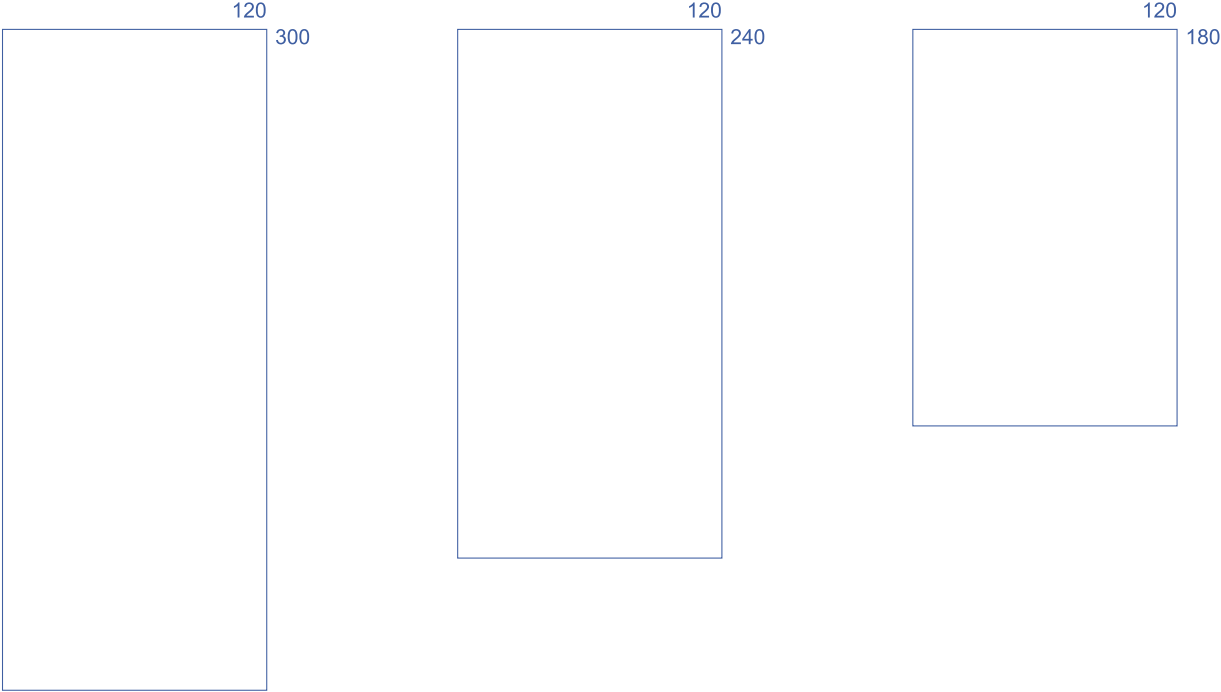

The Marble Edition by Amore reveals marble as more than a surface—it becomes an expression of depth, balance, and permanence. Inspired by nature's slow mastery, each design transforms raw mineral beauty into refined architectural statements. This is where elegance meets structure, and matter evolves into meaning.

9mm | Colour-Bodied
HIGH-END SLABS

**At the heart of the material lies a mineral
essence that defines form and feeling.**

Through depth, richness, and chromatic
continuity, The Marble Edition transforms
colour-bodied porcelain slab into an
enveloping sensory experience,
opening living spaces to new expressions
of design.
